Directions: From the North, I-35W South to County Rd 70 (exit 81). Bear right at top of the exit (there is a right turn lane and a signal light). Then move over one lane to the left to avoid going back on the freeway. You will go over I-35W to the 2nd signal light which is Kenrick. There is a right turn lane there (behind the Holiday Gas Station/McDonalds). Go 1.3 miles south on that road. The road name changes to Pillsbury (County Rd 46). We are opposite a big company named “Michels”. Turn left into our driveway (it’s long). Address is on a blue sign at the top of the driveway. You will see a John Deere greeting sign and Ron’s plows etc. *If you get to the roundabout on 225th St, you have gone too far. Go around the roundabout and back to the 3rd driveway and turn right.*
