

# WWII Women Code Breakers: Part 1 - England's Bletchley Park and Enigma

Bletchley Park

Enigma

Only recently have the contributions of women in breaking the Nazi and Japanese codes in WWII been documented and appreciated. The British women in Bletchley Park were the first followed by women in the U.S. The absence of women from the historical record is partly due to the long duration of secrecy about code breaking and partly because after the war, most went back to their “customary female roles” when the men came back. In two parts, come hear about the critical function that women fulfilled in winning the war for both countries.

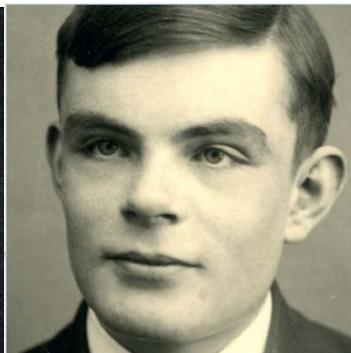

**Part 1 - England's Bletchley Park and Enigma (Wed March 27, 11 AM, Realife Cooperative on Pleasant Avenue in Burnsville)**

**Part 2 - American Women at Arlington Hall (Wed April 24, 11 AM)**
