## GIANTS RIDGE - JANUARY 25-27

By trip co-chairs Patty Fitzgerald and Barb Kolbe

Thirty-one ULLRs and one Red Eye guest (Mary R.) were anxious to get on the bus and hit the road for Grand Rapids. We ate our Subways, chatted and before you know it we arrived at the lodge. We all settled into our rooms, except for folks in Condo 1 who discovered their room had not been cleaned. So these lucky women got a 3 bedroom suite for one night!

Saturday started out extremely cold so some chose to lounge around until the sun warmed the slopes. Once we got out we really enjoyed the day and most were prepared for the elements. After skiing several ULLRs enjoyed the hot tub and others relaxed with drinks and a band in the chalet. We enjoyed an après ski before dinner and talked about our fun day on the slopes. Barb K. corralled everyone for the group picture and then we enjoyed a dinner of chicken, salad and pasta. After dinner we cleared off the tables and the teacher in Barb K. was evident because she had each table marked for the different games and she had a prize bag for winners to draw from. The game night was a huge success with most people participating. We played bridge, Farkel, Spite and Malice, Mexican train and cribbage.

Sunday was a beautiful day. The weather was perfect and the snow was soft and fast. At 1 PM we had a long human slalom; 22 skiers and we even did it twice with only one fallout (Jim M.). Quite good for our age! We loaded up the bus and started back homeward. The roads turned slippery from Willow River to the Honeywell parking lot. It was a great weekend and most thought they would love to go again next winter. Thank you for making it such a fun trip.

## LETTER FROM THE PRESIDENT

By Nancy Sand

When I first contemplated what to write for my column in this March Nullr, we still did not have a full slate of candidates for the ULLR Board of Directors. Needless-to-say, I was very happy when our nominating committee informed me we now have at least one candidate for each position. Thanks to the committee (Bruce Warner, Diane Erlandson, and Barb

Carpenter) for their efforts in contacting members to serve as Club officers. While the news of candidates was good to hear, we must be cognizant of the strong probability that we will face the same dilemma a year from now, so I still challenge you to help ensure the future of our ULLR Ski, Bike and Social Club.

On the recent Giant's Ridge trip we enjoyed the company of a member of the Red Eye Ski Club, a friend of Manfred. We hope this person will join our Club, too. Have you personally spoken with anyone about joining our Club and bringing those people to a Club activity?

During our March General Meeting, ULLR Treasurer Jim Maiser will share his knowledge of tax law. While we may not like having to pay taxes, we must do so. Perhaps you could invite a potential member to this meeting. In April we will go to see the Body Worlds exhibit at the Science Museum of Minnesota. We will have some spring hikes. We will soon have a list of summer bike rides. We have seven summer picnics. Bring a neighbor or friend to one of these events.

We have a great club with many volunteers. Let's continue working together to make sure that ten years from now, the ULLR Ski, Bike and Social Club is still considered one of the best clubs in the Twin Cities area.

### WHAT'S COOKIN' 2013

The dates for What's Cookin' have been finalized. Thanks to Joan Kruse and mentor, Nancy Kastner, for securing the site for the picnics. This fun event will once again be at Brookview Park in Golden Valley.

**Please check your calendar and call or e-mail if you can host a Wednesday picnic on one of the following dates: June 12, August 7, 21, or September 4.** Thank you. These dates already have hosts: June 26 (the Singles); July 10 (the Deutsches but they need helpers); and July 24 (Gail West).

## HYLAND PARK RESERVE HIKE

By Karen Holmquist and Linda Heintz, Co-leaders

Call it good luck or beginner's luck or just plain "dumb" luck, but the fifteen ULLRs that came to hike at the Hyland Park Reserve on Saturday, January 19th considered themselves "lucky." Even though there was not enough snow for cross country skiing or snowshoeing, there was a wonderful bike path through the park for walking. And yes, we did see a few bikers that day. Here is the "lucky" part. The sun came in and out during the morning, AND we were able to finish our 3+ mile walk before the arctic wind

Everyone is ready for the trek (and some fun along the way).

and freezing temps set in. About halfway through the walk, near the visitor's center, we came upon a "Cross Training Center." Patty Fitzgerald thought we could "enhance" our walk with hopping on some cross training machines. Almost everyone climbed aboard. Fun! On we continued back to the Richardson Nature Center, but not before Nancy Sand found just the right snow for making snowballs. Hey, we "old guys" could move fast enough to avoid a direct hit...or Nancy had really bad aim! Nevertheless we finished the walk and headed over to TGIF Friday's for a tasty lunch. A good time was had by all!

Judy and Pam

Patty and Barb "cross-training"

## CANCELLATION OF CLEARY LAKE OUTING

Due to the lack of snow on the cross-country trails, and icy conditions on the paved hiking trail, the Cleary Lake Regional Park outing scheduled for Saturday, February 2 was cancelled.

### SKI TRIVIA:

**Name three cities in the United States that have hosted winter Olympic Games.**

Lake Placid, New York (1932, 1980), Squaw Valley, California (1960) and Salt Lake City, Utah (2002).

## THE ULLR FOUNDATION

ProAct, Inc. sent a thank you letter to the ULLR foundation for its "generous donation of \$1,620" on November 9, 2012. This agency works with people who have developmental disabilities. It knows how important it is for everyone to exercise. The money will be used to buy stackable chairs for the ULLR Exercise Room, so named because of past donations. Anyone who has attended a Silver Sneakers class or an exercise class in a seniors' facility has seen that a lot can be done to improve range of motion and muscle tone, even while sitting down. A trained YMCA instructor will give such classes twice a week at Pro-Act. ULLR members help to make these donations possible. THANKS!

## SEE “BODY WORLDS & THE CYCLE OF LIFE” AT THE SCIENCE MUSEUM OF MINNESOTA

Join ULLRs on Tuesday, April 2, at the Science Museum of Minnesota to view the special “Body Worlds & The Cycle of Life exhibit.” This exhibit builds upon and enhances an earlier exhibit that appeared at the SMM in 2006. In a new special presentation, witness the human body living through time—as it changes, grows, matures, peaks and finally wanes.

In “Body Worlds & The Cycle of Life,” you’ll see the body throughout the human life cycle and across the arc of aging. Real human specimens, preserved through the remarkable process of plastination, will reveal the human body in all its phases and stages of health. You’ll see individual organs and systems, as well as full-body plastinates in various action poses, including a baseball player, a ballet dancer, a pair of ice skaters, a woman in a yoga pose, a male gymnast, and more.

**Date:** Tuesday, April 2. Meet at 2:00 PM in the lobby of the Science Museum in St. Paul. Enjoy coffee and a bakery treat • 3:00 PM visit the exhibit • 6:00 PM View the Omnitheatre film, “Human Body.” End the evening with dinner at nearby Patrick McGovern’s Pub. ([www.patmcgoverns.com](http://www.patmcgoverns.com))

**Cost:** \$22 per person or \$9 for Museum members. This includes general admission, the Body Worlds exhibit, coffee and bakery treat, and the film. Optional audio for the exhibit is an additional \$4.

**Make check payable to:** Nancy Sand. (Museum members should write their member number on their check.) Send to Nancy, 15001 Burnhaven Drive #108, Burnsville, MN 55306 **by March 15.**

## SKIING

*(excerpts from an article by Matt Hansen)*

When you receive “the gift of skiing, your life will never be the same.” “Unlike all those team sports that end after high school, skiing goes as far as you want to take it, around the world or right at home. You might end up with a great job...still the memories of skiing with your friends ...or sharing a day on the hill with your mom and dad” stays with you.

Because skiing “is one of the things you can do from the time you can barely walk, till the time you can barely walk, it is the thread that runs through the generations. It is much more than getting down the mountain, “it is a way of life.”

*~ By Matt Hansen in Powder magazine, reprinted on the Hoigaard's web site in December, 2012*

## SOME ULLRS ARE SNOWBIRDS. THE REST KNOW THEY LIVE IN MINNESOTA BECAUSE:

- their local Dairy Queen is closed from October to April.
- someone in Home Depot has offered them assistance and he doesn't even work there.
- they have worn shorts and a jacket at the same time.
- they have had a conversation with someone who dialed the wrong number.
- “vacation” means going to Sioux Falls, South Dakota for the weekend.
- distance is measured in hours instead of in miles.
- they know several people who have hit a deer – more than once.
- they have switched from AC to heat and back again on the same day.
- they carry jumper cables in their car – and know how to use them.
- their child's Halloween costume was designed to fit over a snowsuit.
- they find driving better in winter because the potholes are filled with snow.
- they find ten degrees a “little chilly.”
- they know all four seasons: almost winter, winter, still winter, and road construction.
