About 20 folks showed up, 15 rode thru the trails, lakes and prairies of Eden Prairie-Chanhassen. Bill Handsaker and Bill Lyons even got a personal tour of the Chanhassen Weather Station!

We had one flat tire that slowed down the group, but we patiently waited while four men (how many ULLRS does it take to change a tire?!!) changed the tire. There were many twists and turns in the ride, so it was my challenge as a leader to keep people from getting lost!

The folks who elected not to ride enjoyed the charming turn-of-the-century home turned into a Dunn Bros. Coffee House. The bikers showed up a couple of hours later and joined the "coffee group" waiting for us. We all enjoyed a nice lunch and beverages.

So that's it. The drizzle did not detour us!
